

## CECONY Cycle Dates

As part of ConEd's new billing system implementation, scheduled cycle read dates, for the remainder of 2023, are changing based on the configuration and nature of this implementation. For any future enrollments, please make sure to take the new scheduled dates into consideration.

For any pending enrollments, corrections to the start dates will be made by ConEd. These will reflect as a DTM150 transaction to ESCOs.

The attached schedule contains the remaining cycle read dates in 2023, along with the electric enrollment/drop deadline dates that correspond to them. The deadline for gas enrollments/drops is not impacted. Please note that there is now a "bill cycle 22" which covers calendar month billed accounts. Along with that, we also highlighted double trips and dates near those trips. The schedule takes the five (Columbus Day, Veterans' Day, Thanksgiving Day, Day after Thanksgiving, Christmas Day) remaining holidays into account. Please keep in mind that the cut off time to receive EDI transactions is 4:30 PM on the date listed.
