TeAM Policy
Telecom Applications Management

SUBJECT: Vault Access

POLICY NO.: 005-00-00-x

Policy Statement

Access to the Company’s electric vaults by telecom providers or their contractors is not permitted under any circumstances due to the presence of non insulated high voltage electric bus work normally found in such vaults. Requests for permission to use vaults for a means of telecom access will be denied due to the inherent danger associated with working in close proximity to live bus.
