**PHARMACY - PRESCRIPTION DRUG BENEFITS**

**Calendar-Year deductible for Prescription drugs \$0**

Prescription drug calendar year deductible must be satisfied before any Medicare Prescription Drug benefits are paid. Covered Medicare Prescription Drug expenses will accumulate toward the pharmacy deductible.

**Pharmacy Network S2**

Your Medicare Part D plan uses the network above. To find a network pharmacy, you can visit our website (<http://www.aetnaretireeplans.com>.)

**Formulary (Drug List) Classic**

**Initial Coverage Limit (ICL) \$5,030**

The Initial Coverage Limit includes the plan deductible, if applicable. This is your cost sharing until covered Medicare prescription drug expenses reach the Initial Coverage Limit (and after the deductible is satisfied, if your plan has a deductible):

3 Tier Plan	30-day Supply through Retail	90-day Supply through Retail or Mail	
	Standard	Preferred Mail	Standard Retail or Mail
<b>Tier 1 - Generic</b> Generic Drugs	\$10	\$20	\$20
<b>Tier 2 - Preferred Brand</b> Includes some high-cost generic and preferred brand drugs	\$10	\$20	\$20
<b>Tier 3 - Non-Preferred Drug</b> Includes some high-cost generic and non-preferred brand drugs	\$10	\$20	\$20

**If you reside in a long-term care facility, your cost share is the same as a 30 day supply at a retail pharmacy and you may receive up to a 31 day supply.**

**Coverage Gap**

The Coverage Gap starts once covered Medicare prescription drug expenses have reached the Initial Coverage Limit. Your cost-sharing for covered Part D drugs after the Initial Coverage Limit and until you reach \$8,000 in prescription drug expenses is indicated below. Your former employer/union/trust provides additional coverage during the Coverage Gap stage for covered drugs. This means that you will generally continue to pay the same amount for covered drugs throughout the Coverage Gap stage of the plan as you paid in the Initial Coverage stage. Coinsurance-based cost-sharing is applied against the overall cost of the drug, prior to the application of any discounts or benefits.

**Catastrophic Coverage:** You pay \$0.  
Catastrophic Coverage benefits start once \$8,000 in true out-of-pocket costs is incurred.

**Requirements:**  
**Precertification** Applies  
**Step-Therapy** Applies

**Non-Part D Supplemental Benefit**

- Not Covered

The following is a partial list of what isn't covered or limits to coverage under this plan:

- Services that are not medically necessary unless the service is covered by Original Medicare or otherwise noted in your Evidence of Coverage
- Plastic or cosmetic surgery unless it is covered by Original Medicare
- Custodial care
- Experimental procedures or treatments that Original Medicare doesn't cover
- Outpatient prescription drugs unless covered under Original Medicare Part B

You may pay more for out-of-network services. Prior approval from Aetna is required for some network services. For services from a non-network provider, prior approval from Aetna is recommended. Providers must be licensed and eligible to receive payment under the federal Medicare program and willing to accept the plan.

Out-of-network/non-contracted providers are under no obligation to treat Aetna members, except in emergency situations. Please call our Customer Service number or see your Evidence of Coverage for more information, including the cost-sharing that applies to out-of-network services.

Aetna will pay any non contracted provider (that is eligible for Medicare payment and is willing to accept the Aetna Medicare Plan) the same as they would receive under Original Medicare for Medicare covered services under the plan.

## Pharmacy Disclaimers

Aetna's retiree pharmacy coverage is an enhanced Part D Employer Group Waiver Plan that is offered as a single integrated product. The enhanced Part D plan consists of two components: basic Medicare Part D benefits and supplemental benefits. Basic Medicare Part D benefits are offered by Aetna based on our contract with CMS. We receive monthly payments from CMS to pay for basic Part D benefits. Supplemental benefits are non-Medicare benefits that provide enhanced coverage beyond basic Part D. Supplemental benefits are paid for by plan sponsors or members and may include benefits for non-Part D drugs. Aetna reports claim information to CMS according to the source of applicable payment (Medicare Part D, plan sponsor or member).

The formulary and/or pharmacy network may change at any time. You will receive notice when necessary.

You must use network pharmacies to receive plan benefits except in limited, non-routine circumstances as defined in the EOC. In these situations, you are limited to a 30 day supply.

Pharmacy clinical programs such as precertification, step therapy and quantity limits may apply to your prescription drug coverage.

Specialty pharmacies fill high-cost specialty drugs that require special handling. Although specialty pharmacies may deliver covered medicines through the mail, they are not considered "mail-order pharmacies." Therefore, most specialty drugs are not available at the mail-order cost share.

The typical number of business days after the mail order pharmacy receives an order to receive your shipment is up to 10 days. Enrollees have the option to sign up for automated mail order delivery. If your mail order drugs do not arrive within the estimated time frame, please contact us toll-free at 1-866-241-0357, 24 hours a day, 7 days a week. TTY users call 711.

The Medicare Coverage Gap Discount Program provides manufacturer discounts on brand name drugs. The amount you pay and the amount discounted by the manufacturer count toward your out-of-pocket costs as if you had paid them and moves you through the coverage gap.

Coinsurance-based cost-sharing is applied against the overall cost of the drug, prior to the application of any discounts or benefits.

There are three general rules about drugs that Medicare drug plans will not cover under Part D. This plan cannot:

- Cover a drug that would be covered under Medicare Part A or Part B.
- Cover a drug purchased outside the United States and its territories.

- 
- Generally cover drugs prescribed for “off label” use, (any use of the drug other than indicated on a drug's label as approved by the Food and Drug Administration) unless supported by criteria included in certain reference books like the American Hospital Formulary Service Drug Information, the DRUGDEX Information System and the USPDI or its successor.

Additionally, by law, the following categories of drugs are not normally covered by a Medicare prescription drug plan unless we offer enhanced drug coverage for which additional premium may be charged. These drugs are not considered Part D drugs and may be referred to as “exclusions” or “non-Part D drugs”. These drugs include:

- Drugs used for the treatment of weight loss, weight gain or anorexia
- Drugs used for cosmetic purposes or to promote hair growth
- Prescription vitamins and mineral products, except prenatal vitamins and fluoride preparations
- Outpatient drugs that the manufacturer seeks to require that associated tests or monitoring services be purchased exclusively from the manufacturer as a condition of sale
- Drugs used to promote fertility
- Drugs used to relieve the symptoms of cough and colds
- Non-prescription drugs, also called over-the-counter (OTC) drugs
- Drugs when used for the treatment of sexual or erectile dysfunction
